***Agenda, LTD announces that its USA Sister Company, Agenda, LLC has  
Named Brian Butturini Vice President of Marketing & Operations***

*Company Expands Butturini Leadership Role and Aligns Organization for Future Growth*

Fredericksburg, VA – May 2, 2016, Agenda, LLC, a successful provider of IT Support Services for large and small enterprises, today has announced the appointment of Brian Butturini as Vice President of both Marketing and Operations from his previous role of Vice President of Operations only. This added responsibility was prompted by Agenda, LLC's being awarded Master Reseller Rights to MyCrypt™ cybersecurity solution for the North America market by its sister company, Agenda, LTD, with headquarters in Dublin, Ireland. MyCrypt™ is a premier data and identity protection system. It is comprised of a method to guarantee the identity of the individual, provide encryption services unique to that person and group. The complete solution combines Identity, Access Control, and Encryption to make the industry's most complete protection solution.

In his new role Brian will be responsible for Agenda, LLC's sales and marketing team, strategy and execution for the MyCrypt™ solution in the US Markets and for supporting US Channel and Reseller partners. He will also continue to provide guidance in the day-to-day Operations role he currently holds.

"It's a great benefit for us to have a person of Brian's caliber on our team. His unique background in finance, IT and Business Development will be key to putting Agenda, LLC and the new MyCrypt™ relationship on the map quickly." said Dennis David, Founder and President of Agenda, LLC.

Paul Elkin, EVP and CLO of Agenda, LLC, further stated, "Brian's experience in taking a strategic vision and executing on that vision will rapidly ramp Agenda into prominence in the cybersecurity arena.

Brian brings more than 15 years of experience in information technology, business services and banking with him to Agenda, LLC. Prior to joining Agenda, LLC, he worked for Wells Fargo In their business services group. Brian holds an AAS in IT from Solana Community College and resides in the Fredericksburg, VA area.
